

Brodie Castle – A view of the combined results

Hi All,

I have checked all the splits printouts and spreadsheet to produce the combined results below. To do this I applied the following rules:

1. Competitor must have run/attempted all 3 courses
2. The slowest clean time on each course is around 25 mins, so a mis-punched run gets a base time of 30 mins
3. A 2 min penalty is then added for each MP control; so 1 mis-punched control = 32 mins, 4 mis-punched controls = 38 mins.
